

SmartDrive with PushTracker E2

Seamless power
assist experience

permobil

Ergonomic design quickly attaches to a wide variety of manual wheelchairs

12.5 lb — Lightest rear power assist in the world

OmniWheel design allows SmartDrive to start from any position maintaining optimal traction and maneuverability

On-demand power assist

Pushing a manual wheelchair can put stress on shoulders and lead to serious issues in the future. SmartDrive offers a range of controls and activity-tracking technology to deliver a seamless power assist experience that may reduce repetitive stress.

Paired with the PushTracker E2 and SwitchControl, SmartDrive offers added flexibility, convenience and control options to empower your active lifestyle.

There were so many times
I said no to something
because I didn't feel like I
could. With the SmartDrive
I can go all around the
farmers market, go
shopping, meet a friend
for coffee, walk the dog
and still do a ton of other
things when I get home.

— Julie M.
Permobil User

Choose to do more

SmartDrive empowers your active lifestyle with a simple tap or touch of a button. It conserves the energy that you would normally have to use just to get around, and helps you to save it for activities that enhance your day.

Touch screen technology makes the PushTracker E2 more accessible than ever

8x more reliable Bluetooth® connection

PushTracker E2

Developed with connectivity in mind, the PushTracker E2 has been rigorously tested and proven to be consistently reliable and extremely durable. The PushTracker E2 makes using your SmartDrive easier than ever. With gesture-activated controls and activity-tracking technology you can start your SmartDrive with a simple tap of your hand—no pushing or reaching necessary.

Quickly change all performance settings

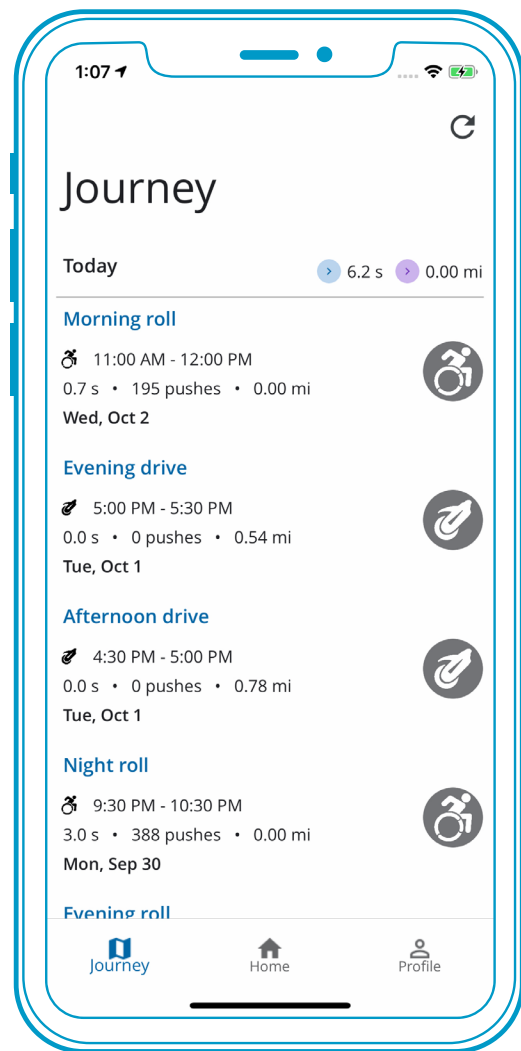

Turn power assist on and off

Easily change speed settings

Review system usage

PushTracker App

SmartDrive advances daily mobility for the manual wheelchair user. The PushTracker app produces and delivers activity statistics designed to promote optimal mobility health. Track distance, pushes and coast time in order to increase coast time and decrease pushes. The app can also be used to easily update and control SmartDrive settings.

SwitchControl

SwitchControl gives users another programmable option for controlling their SmartDrive. With the push of a button SmartDrive can be engaged for a momentary burst of power or activated in latched mode for consistent power over extended distances. This empowers a more diverse group of people to experience SmartDrive with increased confidence and, when paired with the PushTracker E2, offers added flexibility, convenience and control options.

PushTracker E2
Easy to read, touch screen
settings control

SwitchControl
Wired buttons with additional control
options for your SmartDrive

SmartDrive MX2+
Powers you up hills and ramps, over
thick carpet, and long distances.

Power your push, your way

SmartDrive gives manual wheelchair users more control over their experience than ever before. Discover how our variety of hardware and software solutions can be combined to better support your individualized mobility goals.
