General

Permobil manufactures TiLite manual wheelchairs in a wide variety of configurations to meet the varied needs of wheelchair users. The final selection of a particular model, its options and accessories, and its measurements rests solely with the wheelchair user and the advising healthcare professional. These wheelchairs must be fitted by a qualified healthcare professional. HCPCS Codes are for reference purposes only. Actual coding and coverage varies by payer. Proper HCPCS coding is not a guarantee of payment. Please verify the appropriate payer's coverage policy. Prices, standard features, options and accessories are subject to change without notice. All rights reserved.

Notes

Measurement Guide

A Seat Width Measure from outside of seat tube at back post to outside of opposite seat tube at back post.

B Seat Depth Measure from front of back post to front edge of seat sling.

C Front Seat Height Measure from floor to top of seat tube at front edge of seat sling.

D Rear Seat Height Measure from floor to top of seat tube at back post.

E Center of Gravity Measure from front of back post at seat tube to center of rear axle.

F Seat to Footrest Measure from front edge of seat sling to top rear of footrest.

G Back Height Measure from top of back post to top of seat tube at rear of frame.

Seating and Positioning Shipping Information

The following Seating and Positioning products will ship with the chair. Cushions are stocked with Comfort-Tek covers and backs are stocked with Stretch Air covers. All other Seating and Positioning products will be drop-shipped from the manufacturer. (Width x Depth)
