

Corpus®

Unmatched power
positioning

permobil

Created for you

Corpus is the most ergonomic and capable wheelchair seating system in the world. It is elegantly designed and configured to empower functional movements while supporting your optimal body position.

Redesigned pelvic well insert for improved pressure redistribution

Dual density back support foam for greater comfort and surface area contact

Leatherette

StretchAir

Multi-axis armrests allow independent height, angle and optional medial swivel adjustment

Access Independent
Repositioning Mode at
the touch of a button

Up to **180°** power
legrest elevation

Seamless shear reduction
and optimized pivot points
keeps you in position

Up to **180°** power recline
and **50°** posterior tilt

Independent repositioning

Manage your seating goals with multiple memory seat positions and Independent Repositioning Mode. IRM enables automatic sequencing of tilt, leg elevation and recline promoting maximum benefit of pressure relief protocols without loss of positioning.

3.5" rearward shift during
elevate optimizes your center
of gravity and reduces footprint

12" & 14" of ActiveHeight
Drive up to 3.5mph with full
suspension at any elevated height

3 points of contact
for added stability

ActiveHeight

Dynamic seat elevation

ActiveHeight raises your seat up to 14". It is unique in that while elevating, the seating system repositions 3.5" to maintain forward stability and create a more compact footprint enabling you to get closer to the important things in your life. ActiveHeight empowers you to have face-to-face conversations, order food at a high counter and accomplish many other daily tasks with ease.

ActiveHeight + ActiveReach

Seat elevation and forward tilt combine seamlessly to give you the ultimate advantage in accessing your environment.

ActiveReach

Functional forward tilt

Face daily tasks head on with ActiveReach. By combining Corpus seat functions with up to 45 degrees of forward tilt, you can achieve improved ergonomics for overhead reaching and table top activities. ActiveReach can also help improve posture for social engagement and body mechanics during transfers.
