Corpus®
Unmatched power positioning

permobil
Multi-axis armrests allow independent height, angle and optional medial swivel adjustment.

Redesigned pelvic well insert for improved pressure redistribution.

Dual density back support foam for greater comfort and surface area contact.

Corpus is the most ergonomic and capable wheelchair seating system in the world. It is elegantly designed and configured to empower functional movements while supporting your optimal body position.

Created for you

Corpus is the most ergonomic and capable wheelchair seating system in the world. It is elegantly designed and configured to empower functional movements while supporting your optimal body position.
Independent repositioning

Manage your seating goals with multiple memory seat positions and Independent Repositioning Mode. IRM enables automatic sequencing of tilt, leg elevation and recline promoting maximum benefits of pressure relief protocols without loss of positioning.
ActiveHeight raises your seat up to 14”. It is unique in that while elevating, the seating system repositions 3.5″ rearward to maintain forward stability and create a more compact footprint enabling you to get closer to the important things in your life. ActiveHeight empowers you to have face to face conversations, order food at a high counter and accomplish many other daily tasks with ease.

**ActiveHeight**

Dynamic seat elevation

ActiveHeight raises your seat up to 14”. It is unique in that while elevating, the seating system repositions 3.5″ rearward to maintain forward stability and create a more compact footprint enabling you to get closer to the important things in your life. ActiveHeight empowers you to have face to face conversations, order food at a high counter and accomplish many other daily tasks with ease.
Face daily tasks head on with ActiveReach. By combining Corpus seat functions with up to 45 degrees of forward tilt, you can achieve improved ergonomics for overhead reaching and table top actions. ActiveReach can also help improve posture for social engagement and body mechanics during transfers.

**ActiveHeight + ActiveReach**

Seamless seat elevation and forward tilt combine to give you the ultimate advantage in accessing your environment.

**ActiveReach**

Functional forward tilt

Four duty tasks head on with ActiveReach. By combining Corpus seat functions with up to 45 degrees of forward tilt, you can achieve improved ergonomics for overhead reaching and table top actions. ActiveReach can also help improve posture for social engagement and body mechanics during transfers.
Choose how you stand from three customizable standing sequences. The F5 Corpus VS offers sit-to-stand, semi-reclined or lay-to-stand techniques that are fully programmable to your individual needs. From face-to-face interactions to improved health outcomes, the F5 Corpus VS empowers you to experience the vast array of standing benefits.
