**Complex Rehab,
made more accessible.**

permobil

“Every person with a disability has the right to have his or her needs compensated as far as possible by aids with the same technical standards as those we use in our everyday lives”
- Per Uddén

Supporting Customers

Permobil is a global leader in advanced medical technology, passionate about better understanding our users’ needs and improving their quality of life through state-of-the-art healthcare solutions.

We believe that every person has the right to move regardless of their ability. That is why, in collaboration with our distributor network we have introduced a complex rehab rental scheme to give everyone access to best in class technology every step of their personal journey. The right equipment at the right time is fundamental to our founder Dr. Per Uddén’s vision.

All through life we change and so should our assistive technology supports. From childhood to adolescence, school to university, single to married life, or working to retirement; Just like the many challenges we all face in life, having the tools and equipment suited to our needs at the right time will enable us to fulfil our greatest potential.

Talk to your health care professional or equipment provider about your rental needs. Permobil is here to help you realise your full potential.

Supporting Dealers

Permobil is dedicated to supporting our dealer network with the products and clinical expertise when you need it most. Our complex product rental program will allow you to provide a short or long-term rental solution tailored to the needs of each individual and if the needs change so can the solution.

Our fleet of rental equipment includes all the speciality controls and supports that are required to ensure your clients can take control of their world.

Our team remains at your disposal to assist in facilitating the changing needs of users in our rapidly evolving world.
