

ROHO® QUADTRO SELECT®

Stability report

ROHO has been providing skin protection, positioning and stability for over 50 years. Recent data from the benchmark Scientific Report* and additional testing show the ROHO QUADTRO SELECT is a stable option to help support your positioning needs.

Lateral Stability ISO 16840-13:2021 (60 sec)

Smaller degree of tilt equals more stability

Key: A. Comfort Embrace Cushion B. ROHO QUADTRO SELECT Unlocked C. ROHO QUADTRO SELECT Locked

*Nooijin, Kopplin, & LaBerge. (2023) Guidance to individualized cushion selection based on performance metrics: a scientific report.

**ISO 16840-13:2021 and ISO 16840-2:2018 Annex C

***ISO 16840-2:2018, ISO 16840-6:2015, and ISO 16840-12:2021

Stability is only one part of the seating solution. Match your individual needs to our cushion thumbprints based on:

- Stability & Balance**
- Skin Protection***
- Durability
- Pain & Comfort
- Positioning & Posture
- Transfers
