

Power assist

SmartDrive MX2+

permobil

Universal padded handle

Multiple ergonomic handles to quickly attach to almost any manual wheelchair

13.2 lb — Lightest rear power assist in the world

OmniWheel's patented design engages and stays engaged in any position, maintains optimal traction, and climbs 10 degree inclines.

On-demand power assist

Pushing a manual wheelchair can put stress on shoulders and lead to serious issues in the future. SmartDrive offers a range of controls and activity-tracking technology to deliver a seamless power assist experience that may reduce repetitive stress.

Paired with the PushTracker E2 and SwitchControl, SmartDrive offers added flexibility, convenience and control options to power your push, your way.

“ There were so many times I said no to something because I didn’t feel like I could. With the SmartDrive I can go all around the farmers market, go shopping, meet a friend for coffee, walk the dog and still do a ton of other things when I get home.

- Julie M., SmartDrive Expert

Choose to do more

SmartDrive empowers your active lifestyle with a double tap or single touch of a button. It conserves the energy that you would normally have to use just to get around, and helps you to save it for activities that enhance your day.

Airplane travel ready

Touch screen technology and bright color display makes the PushTracker E2 more accessible than ever.

Set up in minutes, no phone or wifi required

PushTracker E2

Developed with connectivity in mind, the PushTracker E2 has been rigorously tested and proven to be consistently reliable and extremely durable. The PushTracker E2 makes using your SmartDrive easier than ever. With gesture-activated controls and activity-tracking technology you can start your SmartDrive with a simple tap of your hand—no pushing or reaching necessary.

8x more reliable Bluetooth® connection

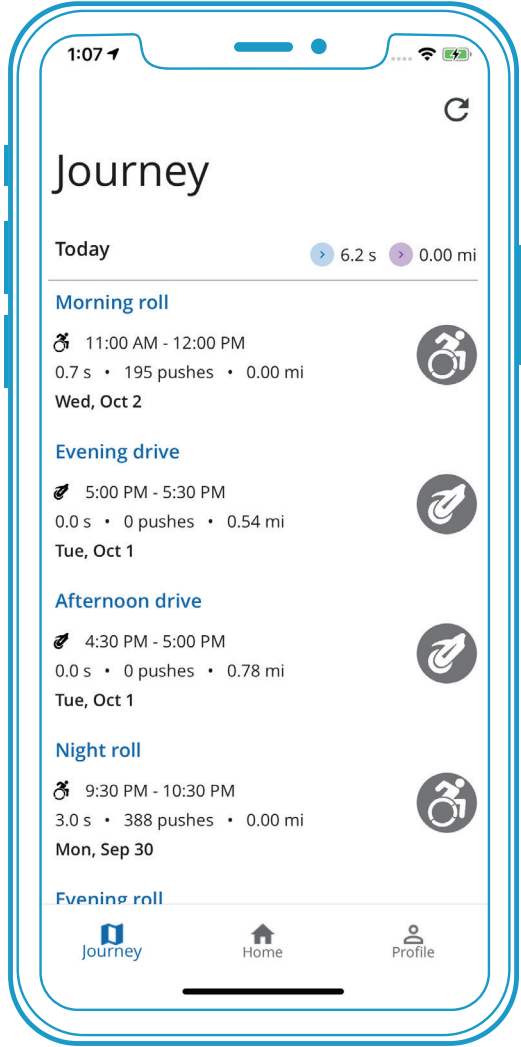

Turn power assist on and off

Easily change speed settings

Review system usage

PushTracker App

SmartDrive provides daily mobility insights for the manual wheelchair user. The PushTracker app produces and delivers activity statistics designed to promote optimal mobility health. Track distance, pushes and coast time in order to increase coast time and decrease pushes. The app can also be used to easily update and control SmartDrive settings.

SwitchControl

SwitchControl is a simple way to control your SmartDrive. Engage your SmartDrive with a push of a button for a momentary burst or press and hold to set your cruise speed for longer distances. This empowers a more diverse group of people to experience SmartDrive than ever before.

PushTracker E2
Easy to read, touch
screen settings control

SwitchControl
Wired buttons with additional control
options for your SmartDrive

SmartDrive MX2+
Powers you up hills and ramps, over
thick carpet, and long distances.

Power your push, Your way

SmartDrive provides manual wheelchair users more control over their experience than ever before. Discover how our variety of hardware and software solutions can be combined to better support your individualized mobility goals.
